CHOICE –BASED CREDIT SYSTEM (CBCS)

The CBCS provides an opportunity for the students to choose courses from the prescribed courses comprising core, elective or skills-based courses. The courses can be evaluated following the grading system, which is considered to be better than the conventional marks system. Therefore, it is necessary to introduce a uniform grading system in the entire higher education in India. This will benefit the student to move across institutions within India, to begin with across countries. The uniform grading system will also enable potential employers to assess the performance of the candidates. In order to bring uniformity in the evaluation system and computation of the cumulative grade point average (CGPA) based on students' performance in examinations, the UGC has formulated the guidelines to be followed.

Outline of Choice Bases Credit System

1. Discipline-Specific Core (DSC) Course: A course, which should compulsory it be studied by a candidate as a core requirement is termed a Core course

2. Elective Course: Generally a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/subject of study or which provides an extended scope or which enables exposure to some other discipline/subject domain or nurtures the candidate's proficiency/skill is called an Elective Course.

2.1 Discipline-specific Elective (DSE) Course (2 each of regular courses): Elective courses may be offered by the main discipline/subject to study is referred to as Discipline Specific Elective. The University/institute may also offer discipline-related Elective courses of an interdisciplinary nature (to be offered by the main discipline/Subject of study).

2.2 Dissertation/Project Work: An elective course chosen of 6 credits, designed to acquire special/advanced knowledge, such as supplement study/support study to project work, and a candidate studies such a course on his own. Advisory support by a teacher/faculty member is called dissertation/project work. A project/Dissertation work may be given instead of a discipline-specific paper.

2.3 Generic Elective Course (GEC): An elective course chosen generally from an unrelated discipline/subject, to seek exposure to other subjects/disciplines is called a Generic Elective Course.

P.S.: A core course offered in a discipline/subject may be treated as an elective by another discipline/subject and vice versa and such electives may also be referred to as Generic Electives.

3. Ability Enhancement Course (AEC)/Competency Improvement Courses/Skill Development Courses Foundation Course: The Ability Enhancement (AE) Courses may be of two kinds AE Compulsory Course (AECC) and AE Elective Course (AEEC). "AECC" courses are courses based on the content that leads to knowledge enhancement. They [(i) Environment Science, (ii) English/MIL

Communication] are mandatory for all disciplines. AECC courses are value-based and/or skill-based and are aimed at providing hands-on training, competencies, skills, etc.

3.1 Ability Enhancement Compulsory Course (AECC): Environmental Science, English Communication

3.2 Skill Enhancement Course (SEC) (Minimum 4): These courses may be chosen from a pool of Courses designed to provide value-based and/or skill-based instruction.
